Playas del Duque is one of the Costa del Sol's most exclusive and stable property markets, with limited new supply and consistently high demand from both international buyers and luxury investors. Comparable frontline apartments with similar specifications regularly trade at or above the €1.1M range, reflecting the unique value of this location and lifestyle.

This particular apartment offers excellent value relative to comparable listings — combining beach access, quality renovation, generous space and a garage — making it an attractive choice for both owner-occupiers and investors seeking capital appreciation and rental potential.
