Beschreibung der Immobilie

Stunning Mediterranean views!!

Today I take you to discover a property that is not explained only with square meters.

Today we are talking about a green and blue apartment.

Green, for its efficiency, its connection with the garden and its more responsible approach.

Blue, by the sea, by the views and by that feeling of spaciousness that only appears when the Mediterranean enters through the window.

It is understood when you open the door, you look ahead and see the sea.

This brand new apartment in Mane Residences, in Benalmádena, belongs to that new generation of homes that no longer simply seek to give you a roof, but a different way of living: more luminous, more efficient, more connected with nature and more aligned with the Mediterranean lifestyle.

The house has 2 bedrooms, 2 bathrooms, 91.88 m² built and a terrace of 20 m² from which you open spectacular views of the blue of the Mediterranean and the green of the garden. An unusual combination: sea, vegetation, light and
