Duplex Penthouse – A Lifestyle Concept for Those Who Want More

This is more than just a home. It is a lifestyle choice. A duplex penthouse for those who value security, investment potential, understated luxury, and a lifestyle where every detail has been carefully considered.

Located in Vista Real, one of the area's most sought-after and secure communities, you are not simply buying a home — you are investing in 24-hour security, controlled access, premium neighbours, and stable long-term value appreciation. This is a residence where security and quality are just as important as the view.

Interior – Elegance, Light and Thoughtful Design

As you enter, you are greeted by an elegant staircase leading to the private upper floor. To the right is the fully equipped kitchen, while to the left the home opens up towards the Mediterranean Sea.

The apartment features windows facing south, west and north, creating a natural flow of light that brings harmony and energy throughout the day.
