Property Description

One of the most luxurious penthouses is for sale in Higueron Resort

307sq m of sea and mountain views, luxury and pleasure.

From a covered entrance, beside the elevator, with views of the Sierra Nevada mountains and the Mediterranean sea, you enter this opulent penthouse through a bespoke steel and glass covered vestibule between 2 security doors leading to an internal entrance with a powder room.

The bedroom layout offers three en-suite rooms, including a large and sumptuous master suite.

The social heart of the home is a vast, light-filled living and dining area, surrounded by two glass walls and offering breathtaking views. It features a modern Italian kitchen designed for minimalism, using concealed pocket doors to create a streamlined, clutter-free environment.
