The home is spread over three floors.

On the ground floor, we find a bright living room with access to a 20 m² porch and the front garden with a private pool. Its spacious kitchen is complemented by a laundry area and access to a rear garden. It also has the advantage of having a bedroom with an en-suite bathroom on the ground floor and a guest toilet.

On the first floor, there is the master bedroom with an en-suite bathroom and a large terrace from

which you can enjoy panoramic views. There are two more bedrooms, one with its own terrace and a full bathroom.

The top floor was renovated, and two more connecting rooms were added, ideal as a playroom, children's bedroom, or even an office.

The plot is flat and fully usable, which distinguishes it from most of the villas in the area. The porch surrounds the house at the front and on one side, creating two distinct spaces that can be used as gathering and relaxation areas.

The garage has capacity for one or two vehicles, and at the rear, there is a pergola under which another two can be parked.
